

NaturalS

Loose parts play - Inspiring sensory and 'messy play' natural resources to encourage **CURIOSITY, CREATIVITY, IMAGINATION** and **INVENTION** in children of all ages and stages.

NaturalS is a range of interesting tactile objects to be used in loose parts play, and when combined with time, space and support they have many benefits for learning, growth and development in children. Loose parts can be collected, stacked, moved, shared, glued, painted, taken apart, lined up and any other type of imaginative play you can think of...

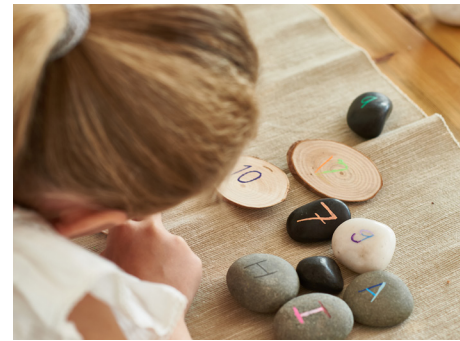

- ✓ Naturally found in the environment, they have minimal-to-no harm on the environment
- ✓ These items invite open-ended interactions and connection with nature
- ✓ Natural resources provide a sensory and tactile benefit to children's learning
- ✓ Assist children in developing numeracy skills: they can be used for counting, sorted by size and weight, categorised by similarities and differences
- ✓ Increasing physical activity, cognitive and fine motor skills
- ✓ Boosting natural curiosity, inviting conversation and collaboration
- ✓ Developing higher levels of critical thinking and problem solving
- ✓ Ideal for use in small world play
- ✓ Perfect for arts and crafts projects
